

What If

50 Cent

Yeah, I'm fuckin' wit' dis
It's that classic shit
That gangsta shit, yeahMan I watched the sun go up but come down, sayin' what if?
Man I watched the tide roll in and roll out, sayin' what if?
Homey I play the block tryin' to get my packs off, sayin' what if?
Man if I get a shot, I could make it to the top, damn what if?If I got on some pretty boy shit like Puffy
Niggaz in the hood, man they just wouldn't love me
If I wore a suit every day like Jay-Z
Niggaz would think I blew up my fuckin' head and went crazyIf I put diamonds in my teeth like Baby
I wouldn't stand a chance of tryin' to sell like Shady
If I put out bullshit joints like AZ
Every chance niggaz get, they'd try and play meBut I move around with a little 380
A nigga try to stunt, a nigga get sprayed B
If I smoked weed all day like Snoop do
I'd see the world different through my dilated pupilsIf I bust dance moves on you like Usher
Niggaz did say, "50 that ain't gangsta, fuck ya"
Man I'ma just keep doin' what I do
'Cause niggaz can't do me, better than I do, ha, haMan I watched the sun go up but come down, sayin' what if?
Man I watched the tide roll in and roll out, sayin' what if?
Homey I play the block tryin' to get my packs off, sayin' what if?
Man if I get a shot, I could make it to the top, damn what if?What if I had blockbuster flicks like Will Smith?
And all the backpack niggaz loved me like Mos Def
I'd probably be a cool ass nigga like Ice Cube
Picture me in this flick right now lookin' so coolWhat if I was a low key nigga, just laid back?
Hustle to keep a homey 'round, somebody to hold the gat
Man what if Halle Berry was my next baby moms?
Shit I'd give that child support up with no problemsIf I caught a case and jumped bail I'd get caught
'Cause I'm that nigga everybody know from New York
But if I was the new rap nigga you didn't know
You'd be sayin', "Damn that kid got a sick flow"What if I just cruised through your hood on 22's
Bumpin' Curtis May field or Marvin, somethin' smooth
And if I let the top down on the Azure
Yeah that'd make you sick to your stomach I'm sure, ha, haMan I watched the sun go up but come down, sayin'
what if?
Man I watched the tide roll in and roll out, sayin' what if?
Homey I play the block tryin' to get my packs off, sayin' what if?
Man if I get a shot, I could make it to the top, damn what if?
