

You're Irreversible

The New Velvet

One way to a useless heart
A green light but nowhere to go
Look back and you fall apart
Last breath and you can't go home
One mile from the star
You're in the crowd but you're all alone
You always try to take it too far
Last chance to make it home(Chorus)
And I can't go back
Things will never be the same
I can't change the past
And maybe I'm the one who should've
Blamed everyday that you fade from the world
You're still the world to me
You'll always be irreversibleYou bought a ticket that you couldn't sell
Twelve steps and you're off the train
Last stop and I wished you well
I never thought you would fall again
Fall again fall again never thought you'd fall again(Chorus)
And I can't go back
Things will never be the same
I can't change the past
And maybe I'm the one who should've
Blamed everyday that you fade from the world
You're still the world to me
You'll always be irreversibleDon't wanna forget it
Don't wanna regret it
Don't wanna lose your memory
Don't wanna escape it
But don't wanna fake it
You're still the world to me(Chorus)
And I can't go back
Things will never be the same
I can't change the past
And maybe I'm the one who should've
Blamed everyday that you fade from the world
You're still the world to me
You'll always be irreversibleAnd I can't go back
Things will never be the same

I can't change the past
And maybe I'm the one who should've
Blamed everyday that you fade from the world
You're still the world to me
You'll always be irreversible
