I Walked With A Zombie

Roky Erickson & the Aliens

I'm damned if I voodoo, and I'm dead if I don't
Kick the crypt and baby walk with me
And we'll find a new place to haunt
Now the dead can't die, they're not alive
I've got one walking by my side
It's a curse, a hex, tell me what comes next
Tie the noose around my neck
See you in the graveyard at midnight
Such a horrifying delight
Your ice-cold touch, it feels so right
And just last night
I walked with a zombie, zombie, zombie
I walked with a zombie, zombie, zombie
I walked with a zombie
Her stare is so demanding and her clothes are so commanding
She makes me feel like a kid in a candy shop
With my head on the butcher block
You're the only one for me
I'm in love with a decomposing zombie
Beauty's on duty in this horror movie
Make me spill my guts with just one touch
See you in the graveyard at midnight
Such a horrifying delight
Your ice-cold touch, it feels so right
And just last night
I walked with a zombie, zombie, zombie
I walked with a zombie, zombie, zombie
I walked with a zombie
She makes me do everything she wants me to
And that's okay with me
Because I'm walking with a zombie
See you in the graveyard at midnight
Such a horrifying delight
Your ice-cold touch, it feels so right
And just last night
I walked with a zombie, zombie, zombie
I walked with a zombie, zombie, zombie
I walked with a zombie, zombie, zombie
I walked with a zombie, zombie, zombie

I walked with a
Zombie, zombie, zombie, zombie
