

# Notte D'Amore Con Te

ATC

Long is the night  
Moonlight is fading  
The rhythm is burning inside  
Holding you tight  
Dream of your body  
The touch of your skin next to mine I feel the heat temperature's rising  
I'm losing control don't keep me waiting  
Baby you know we gonna dance  
Til' the moon and the stars meet the sun Sing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con te Sing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con te Balla se vuoi senti la musica  
Vibrare solo per noi  
Canta se puoi magiche note  
Mi bruciano dentro lo sai I feel the heat temperature's rising  
I'm losing control don't keep me waiting  
Baby you know we gonna dance  
Til' the moon and the stars meet the sun Sing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con te Sing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con te I'm gonna take you high

Don't let it go til' your mine  
Let me be by your side  
Til' the end of timeSing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con teSing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con teSing with me  
Let's come together  
Dance with me  
Always forever  
Just be free  
It's now or never  
Notte d'amore con teSing with me  
Dance with me  
Just be free  
It's now or never
