Only The Lonely Talking

Steve Holy

Your blue eyes
Are looking at me tonight
In a brand new light
What a surprise!
There was a time I'd give in anything
For you to look at me this way
But as your friend, I've gotta say
Maybe we should wait
When you say you're over him
I wanna believe it but we both know
It's only the lonely talking
Wanting me to keep on holding you this way
Baby, you know I want to
But I've got to be sure, it's not only the lonely talking
It would be easy for me
To lie in your arms tonight
Oh, but in the morning light
Would it be right?
'Cause I want all of you
And not just a part of you so tell me
It's not just the lonely talking
Wanting you to keep on holding you this way
Baby, you know I want to
But I've got to be sure, it's not only the lonely talking
Baby we've got time to make this thing right
But right here right now tonight
It's only the lonely talking
Wanting me to keep on holding you this way
Baby, you know I want to
But I've got to be sure, it's not only the lonely talking
It's only the lonely talking
Wanting me to keep on holding you this way
Baby, you know I want to
But I've got to be sure, it's not only the lonely talking
