Rick Ross

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it downI will lay it down, Boosie don't be playin' around

Boosie ain't got time for that

Boosie push your wig back

Boosie, here, take that; your chain and your braclet

Half my clique jack boys, they run up and attack boys

Turn niggas to track stars, when we get thirsty

We have these niggas running like Jackie Joyner-Kersee

You just started sipping lean, I'll take your purple drink

If I fall off again mayne, I'm runnin in the bank

You know I stay about that jacking, killing, robbing, and thugging

Whip ya head like cee-lo, slap ya like D-Bo

Go in his pocket, go in his drawers, go in his watch

Where that fetti mayne, told ya it's a recession mayneLay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Edy it down, fay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down Fuck nigga lay it down Lay it down, lay it down

Fuck nigga lay it downAll black hoodie, Trayvon Martin nigga

Put a hundred grand on Trayvon Martin's killer

Said a hundred bands, you can come and get it

Murders in the man, in the middle of the city

Bounce, I remember tryin' to flip her off

Sleepin on my baby mama's couch

What you pussy niggas talkin' 'bout?

No, them choppas good at hangin out

Lord tell them haters wanna climb aboard

Aboard, cuz this ain't what the fuck you lookin' for?

Ridin Roll's Royce through the fifth ward

Fuck a rap song, still I could flip boyLay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Lay it down, lay it down

Fuck nigga lay it down

Fuck nigga lay it downIf I stumble across a brick, Lord be my shepherd

If a nigga try to take it better pray the Lord bless him
