

Future People

Alabama Shakes

Can't you see
This is gonna bruise
Friends, they be wrong
To peel both along
I laugh Freedom to roam
To beat the fall Couldn't ask for more
Children Gotta live
Don't creep up You got to give a little, give a little
And see it
Like future people Some things could be
Seen from above
Afraid of the sound Don't cheer me on Children Gotta live
Don't creep up You got to give a little, give a little
And see it
Like future people
