

12/8 Blues (All the Same)

The Stills-Young Band

Can you see me... cryin'?
Can you hear me... dyin'?
I wanna talk to you
Listen too
Do you know me like I know you?
Do you know me like I love you?
It's all the same We'll be old friends... tryin'
'Till the road ends... flyin'
Listen to me sing to you
I got the music
I need the space
I'd like to use it to get out of this place
'Cause it's all the same I got the miseries... help me
Don't seem sensible... tell me
I wanna talk to you
Listen too
Too many times I've swallowed my words
Is it a crime
To want to be heard?
If it's all the same
