Now or Never

Primal Fear

I never meant to hurt you
I just let you know you're the only one
Deep in the night, I could not believe it however I trust in you
Deep in my mind, I'm leavin' this world behindStanding face to face in this secret place
We're searchin' for a way to leave
And you hold me tight, this moment can last forever
It's now or never, now or neverI was caught in the dead end street
A look into your eyes can heal me
And after this moment you gave me something back
What I really needed
Deep in my mind, I'm leavin' this world behindStanding face to face in this secret place
We're searchin' for a way to leave
And you hold me tight, this moment can last forever
It's now or neverThe sun was shining again and a cold breeze in my face
I felt the blood in my veins and I knew it was not too lateDeep in my mind, I'm leavin' this world behind
Standing face to face in this secret place
We're searchin' for a way to leave
And you hold me tight, this moment can last foreverStanding face to face in this secret place
We're searchin' for a way to leave
And you hold me tight, this moment can last forever
It's now or never
It's now or never, now or never
