

# Don't Call Me Baby

## Goodbye Elliott

Stop right there  
How did you drop my heart so fast?  
Caught in your stare  
But you brought an end to that  
And did you know this  
Would happen just like it did  
The very day I thought you were for us  
You became an empty chorus You're making arrows out of you  
And piercing my heart right on through  
I didn't know  
That if I let you go  
It would feel this good So don't call me baby if your hands are tied  
Don't call me baby if I'm not by your side  
Don't call me baby  
Don't call me baby, baby So darling  
What makes you think the world needs your presence?  
Now that I've got a taste of your essence  
I can't get far enough away  
I'm sure you know  
That I thought I could live without you  
That everyday I'd be there beside you  
But this break turns out it's over-due You're making arrows out of you  
And you try to keep piercing my heart right on through  
I didn't know  
If I let you go  
It would feel this good So, don't call me baby if you're hands are tied  
Don't call me baby if you're not by my side  
Don't call me baby  
Don't call me baby, baby I'm tired of being sick  
And sick of being tired  
I've been livin in a rut  
And it's come down to the wire, yeah  
Haven't been this sure  
For the longest time Oh-oh, oh  
Oh-oh, oh  
Oh-oh, oh  
Oh-oh-oh, oh-oh  
Oh-oh-oh, oh-oh  
Oh-oh-oh, oh-oh Don't call me baby if your hands are tied

Don't call me baby if you're not by my side Don't call me baby if your hands are tied

Don't call me baby if you're not by my side

Don't call me baby

Don't call me baby, baby Don't call me baby

Won't you let me be?

Don't call me baby if you won't stick with me

Don't call me baby

Don't call me baby, baby Don't call me baby

Don't call me baby, baby
