Rollercoaster Ride

Looker

Sometimes I feel our love is strong
Sometimes I think our love is wrong
Are we really meant to be or should I break free
I never quite know which way to turn
So far there's just one little thing that I've learned
It's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster ride
Sometimes I'm up, sometimes I'm down
Sometimes I'm spinning round
And it's never gonna stop this thing called love
Sometimes I almost hit the breaks
But then I think about what's so steak
You're the only one I love so I decide not to stop
I never quite know which way to turn
So far there's just one little thing that I've learned
It's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster ride
Sometimes I'm up, sometimes I'm down
Sometimes I'm spinning round
And it's never gonna stop this thing called love
Yeah, yeah, yeah
I changed my mind about a million times
I wanna walk away but my heart wants to stay
So I don't know
I'm never quite sure about which way it's gonna go
It's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster ride
It's never gonna stop this crazy thing called love
'Cause it's a, it's a rollercoaster ride
At one point I'm on the side, next thing I'm almost flying
'Cause it's a, it's a rollercoaster ride
Sometimes I'm up, sometimes I'm down
Sometimes I'm spinning round

And it's never gonna stop this thing called love
Sometimes I'm up, sometimes I'm down
Spinning round and round
Sometimes I'm up, sometimes I'm down
Spinning round and round
