

Ocean Gypsy

Blackmore's Night

Tried to take it all away
Learn her freedom just inside a day
And find her soul
To find their fears allayedTried to make her love their own
They took her love they left her there
They gave her nothing back
That she would want to ownGold and silver rings and stones
Dances slowly of the moon
No one else can know
She stands aloneSleeping dreams will reach for her
She cannot say the words they need
She knows she's alone
And she is freeOcean gypsy of the moon
The sun has made a thousand nights
For you to hold
Ocean gypsy where are you?
The shadows followed by the stars
Have turned to gold, turned to goldThen she met a hollow soul
Filled him with her light
And was consoled she was the moon
And he, the sun was goldEyes were blinded with his light
The sun she gave
Reflected back the night
The moon was waning almost out of sightSoftly ocean gypsy calls
Silence holds the stars awhile
They smile sadly
For her where she fallsJust the time before the dawn
The sea is hushed
The ocean calls her
Day has taken her and now she's goneOcean gypsy of the moon
The sun has made a thousand nights
For you to hold
Ocean gypsy where are you?
The shadows followed by the stars
Have turned to gold, turned to goldNo one noticed when she died
Ocean gypsy shackled to the tide
The ebbing waves were turning
Spreading wideSomething gone within her eyes
Her fingers lifeless stroke the sand

Her battered soul was lost
She was abandonedSilken threads like wings still shine
Winds take pleasure still make patterns
In her lovely hair
So dark and fineStands on high beneath the seas
Cries no more
Her tears have dried
Oceans weep for her the ocean sighsOcean gypsy of the moon
The sun has made a thousand nights
For you to hold
Ocean gypsy where are you?
The shadows followed by the stars
Have turned to gold, turned to gold
