Any Other Night

Sharissa

Any other night, you woulda been somewhere with your friends
Any other night, youda had thangs to do
Any other night, I woulda been home alone in my bed
Any other night, I would want to see you
Boy you picked the wrong time 'cuz I got company
Boy you picked the wrong time, yeah I got another nig layin' up wit me
Boy you picked the wrong time and it coulda been you but ya too busy
Boy you picked the wrong time
What's a woman to do when she's feelin' lonely?
Any other night, I'da had to page you more than once
Any other night, I'da been waitin' for ya call yeah
And any other night, you're too damn busy for me
And any other night, it woulda been good but not tonight
Boy you picked the wrong time 'cuz I got company
Boy you picked the wrong time, and it woulda been you with me
Boy you picked the wrong time, layin' in my bed, in my bed, in my bed
Boy you picked the wrong time
What's a shorty to do when she's feelin' lonely?
Don't be surprised boy, you should have know that I
Would not just keep on chasin' you around
I called you 'cuz I wanted to see you but you said
That you were too busy, so I found someone else
Boy you picked the wrong time
(Boy you picked a fine time to show up)
Boy you picked the wrong time
(Did you get my two way? You didn't answer ya phone at home)
Boy you picked the wrong time
(No, yeah)
Boy you picked the wrong time
(What's a girl to do?)
(Nigga any other night, it woulda been cool to chill wit Ri)
Boy you picked the wrong time
Boy you picked the wrong time
(And any other night, you coulda been makin' love to me)
Boy you picked the wrong time
(But not tonight, it's his night, it's his night)
Boy you picked the wrong time
(Any other night, woulda been your night)
Boy you picked the wrong time

Boy you picked the wrong time
Boy you picked the wrong time
Boy you picked the wrong time
Boy you picked the wrong time
Boy you picked the wrong time
