Mark My Words

Hatebreed

I was so blind
I couldn't see the truth
I was unable to see
How my life was being usedTo be something so minuscule
Everything I thought was so definite
I thought was so real was thrown away
And will be remembered among un-paralleling hatredConsider my suffering
Through all your pain
Remember my face
I'm digging your graveSince when was so sacred
Turning into something so wrong
Something so important to me
Cheapened and exploitedI won't be that way
I can't, I can't be that way again
I can't, I won't, I will never let itConsider my suffering
Through all your pain
Remember my face
I'm digging your fucking graveFor the rest of your fucking life
You will mark, mark my words
