## Heartbeat

## **Stereo Skyline**

So, baby, keep my heart beat, b-beat, beat, beating
And the soul reason I keep believing
That we're going to die like this you know, oh, oh, oh
A-beat, beat, b-beat, beat, beating
A-beat, beat, b-beat, beatingHey, hey, beautiful
The sunshine shines, oh, oh, so bright, alright
Lay back

I'll spend the night just staring at youFor every grain of sand

That you drew me pictures in

There was one for every time

That my, my heart dropped againSo, baby, keep my heart beat, b-beat, beating

And the soul reason I keep believing

That we're going to die like this you know, oh, oh, oh

Heart beat, b-beat, beat, beatingClose your eyes don't say a word

Your way too beautiful you heard

The way, the way my heart keeps beating

BeatingFor every grain of sand

That you drew me pictures in

There was one for every time

That my, my heart dropped againSo, baby, keep my heart beat, b-beat, beating

And the soul reason I keep believing

That we're going to die like this you know, oh, oh, ohSo, baby, keep my heart beat, b-beat, beat, beating

And the soul reason I keep believing

That we're going to die like this you know, oh, oh, ohA-beat, beat, beat, beat, beating

A-beat, beat, b-beat, beating

A-beat, beat, b-beat, beat, beating

A-beat, beat, b-beat, beating

So, baby, keep my heart beat, b-beat, beat, beatingSo, baby, keep my heart beat, b-beat, beating And the soul reason I keep believing

That we're going to die like this you know, oh, oh, ohSo, baby, keep my heart beat, beat, beat, beating

And the soul reason I keep believing

That we're going to die like this you know, oh, oh, oh
