

# Aeon

## Antony and the Johnsons

Oh aeon  
My baby boy  
Oh aeon will take care of me All the stars, your eyes  
Raining just for me  
Oh aeon will set me free Oh aeon  
My baby boy  
Oh aeon will repair me Oh his heart enjoyed  
Restores eyes alloyed  
Carry me through the olden void Oh aeon  
His arms are warm  
Oh aeon was never born Aeons eyes forlorn  
He contains the storm  
Hes the pasture of my dawn Oh aeon  
My baby boy  
Oh aeon will take care of me Hold my father  
For it is myself  
Without him I wouldnt exist Oh aeon  
Love my father  
For my father is myself Hold that man  
In your tender clutch  
Hold that man I love so much
