

Pay Dirt

[k.d. lang](#)

Folks been diggin' into the ground
Won't be stoppin' until it's found
They might dig all the way to China
That would be just fine
You understand what I'm sayin'
They don't want to work
They're hopin' and a prayin' for
Pay dirtFolks are goin' to the rivers
And siftin' in the sand
All they've been findin'
Is the lids of tin cans
Of course it doesn't stop 'em
There's big bucks sellin' junk
Then turn around and buy it
For more than it's worth
They gamble and they riot
Pay dirt, pay dirt, pay dirt pay dirtBig beans, oh, luscious greens
Make the days of being a slave
And they toss away, they scrimp and save
Make poverty a short occur
All I need is pay dirt, pay dirt, get boysBig beans, oh, luscious greens
Make the days of being a slave
And they toss away, they scrimp and save
Make poverty a short occur
All I need is pay dirt, pay dirt
