

# C'est La Vie

Vanessa Carlton

I've been takin' what you've given  
Now I'm thinkin' I've been livin'  
Fantasy of your sweet smile Sad as blue and blue as only  
You can cast the color on me  
Can you see my fire rain Mmm mmm

(Ooh)

C'est la vie

(Ooh)

C'est la vie

(Ooh)

Here am I lonely

(Ooh)

C'est la vie

(Ooh)

C'est la vie

(Ooh)

Here am I lonely without him Boy you swallow truth like honey  
As you spew your lies upon me

Sweet and smooth as it goes down C'est la vie

C'est la vie

Here am I lonely

C'est la vie

C'est la vie

Here am I lonely without him Oh say you, say me  
Say always and forever more

I'll be your perfect little sugar bride but Oh if you could see the truth within

Our perfect harmony

Your melody is bringin' me down Mmm mmm

C'est la

C'est la vie

C'est la vie

C'est la vie

C'est la vie

Here am I lonely

C'est la vie

C'est la vie

Here am I lonely without him

Without him

Boy you swallow truth like honey
