Blackout Song

Finger Eleven

I told myself I'm staying tonight, but here I am with no where inside
I feel amazing and if you are willing
This is only the beginning
So get in right now, you've got to come down,
I'm calling you out
Let's stay up all night and we'll sing for everything good in our lives
Let's stay up all night and we'll sing fuck everything we never triedPut a song on, I don't care which one
'Cause I'll only get the words wrong
I'll change the meaning to just how I'm feeling
And I don't feel much like leaving
So get in right now, you've got to come down,
I'm calling you out
Let's stay up all night and we'll sing for everything good in our lives
Let's stay up all night and we'll sing fuck everything we never tried
So get in right now, you've got to come down
I'm calling you out
Yeah, yeah, yeah, yeahLet's stay up all night and we'll sing for everything good in our lives
Let's stay up all night and we'll sing fuck everything we never tried
You'll remember me now as the water blacked out
But don't forget I had a real good time
And remembrance sings, celebrate everything
I won't forget this for the rest of my life
Already is tonight, fuck everything fuck everything
So tonight, fuck everything fuck everything
