In Red

Azeda Booth

Out of love for the hunt
Out of love for the catch
For the thrill I will sail across this ocean
Out of love for a pirate seeking fortuneAll the blood that we spilled
Cannot fill my empty heart
On a beach we're dressed in red
On a beach we're dressed in redOut of love for the sea
Out of love for your majesty
For the thrill I can't change
Out of love for my captain
Can't change, no, I can'tAll the blood that we spilled
Cannot fill my empty heart
On a beach we're dressed in red
On a beach we're dressed in redOn a beach we're dressed in red
(In a memory, I fall)
On a beach we're dressed in red
(Into the arms of a dancing girl)
On a beach we're dressed in red
On a beach we're dressed in redFall inside of her now
Fall inside of her now
Fall inside of her now
Fall inside of her nowOn a beach we're dressed in red
(Fall inside of her now)
On a beach we're dressed in red
On a beach we're dressed in red
(Fall inside of her now)
On a beach we're dressed in red
On a beach we're dressed in red
