Sunset (Kim Ann Foxman Remix)

The xx

I saw you again
It felt like we had never met
It's like the sunset in your eyes
I never want it to riseWhat have you done
With the one I love
When I look into your eyes
I see no surpriseI always thought it was sad
The way we act like strangers
After all that we had
We act like we had never metWe make believe
I've never seen your face
You neither mine
Don't catch my eye
Don't register a smileYou were more than just a friend
Oh, but the feeling
It never came to an end
I can't bear you seeingI always thought it was a shame
That we have to play these games
It felt like you really knew me
Now it feels like you see through meWhen I see you again
I'll know not to expect
Stay one step away
We won't have to waitWhen I see you again
And I'm greeted as a friend
It is understood
When we did all we couldI always thought it was sad
The way we act like strangers
After all that we had
We act like we had never metI always thought it was a shame
That we have to play these games
It felt like you really knew me
Now it feels like you see through me
