

# Sunset (Kim Ann Foxman Remix)

## The xx

I saw you again  
It felt like we had never met  
It's like the sunset in your eyes  
I never want it to riseWhat have you done  
With the one I love  
When I look into your eyes  
I see no surpriseI always thought it was sad  
The way we act like strangers  
After all that we had  
We act like we had never metWe make believe  
I've never seen your face  
You neither mine  
Don't catch my eye  
Don't register a smileYou were more than just a friend  
Oh, but the feeling  
It never came to an end  
I can't bear you seeingI always thought it was a shame  
That we have to play these games  
It felt like you really knew me  
Now it feels like you see through meWhen I see you again  
I'll know not to expect  
Stay one step away  
We won't have to waitWhen I see you again  
And I'm greeted as a friend  
It is understood  
When we did all we couldI always thought it was sad  
The way we act like strangers  
After all that we had  
We act like we had never metI always thought it was a shame  
That we have to play these games  
It felt like you really knew me  
Now it feels like you see through me
