

Slow, Love, Slow (Instrumental)

Nightwish

Come and share this painting with me
Unveiling of me, the magician that never failed
This deep sigh coiled around my chest
Intoxicated by a major chord
I wonder
Do I love you or the thought of you? Slow, love, slow
Only the weak are not lonely
Southern blue, morning dew
Let-down-your guards, I-love-you's
Ice-cream castles, lips-to-ear rhymes
A slumber deeper than time
Slow, love, slow
Only the weak are not lonely
Slow, love, slow
Slow, slow
