

# Get Off the Internet

## Le Tigre

It feels so 80's  
Or early 90's  
To be political  
Where are my friends?(Get off the Internet)  
I'll meet you in the street  
(Get off the Internet)  
Destroy the right wing(Get off the Internet)  
I'll meet you in the street  
(Get off the Internet)  
Destroy the right wingThis is repetitive  
But nothing has changed  
And I'm crazy  
Where are my friends?(Get off the Internet)  
I'll meet you in the street  
(Get off the Internet)  
Destroy the right wing(Get off the Internet)  
I'll meet you in the street  
(Get off the Internet)  
Destroy the right wing
