After the Hurricane

Jazmine Sullivan

I can see it in his eyes, oh, I
And he's been avoiding me all day
It seems as though he wants to cry, oh, I
And he's been acting really strangeHe starts talkin' and I tuned him out, yeah
It doesn't matter anyway
Cause I knew as soon as I saw clouds, yeah
I knew what he was gonna sayCause when the tears start flowin' and the wind starts blowin'
That's how you know it's comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know it's comin' for youJust like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now, I'm left with the pain
After the hurricaneBaby, I'm not surprised, oh I
You said just what I thought you would
And it hurts, I ain't gon' lie, oh I
But it doesn't hurt as bad as it couldCause when the tears start flowin' and the wind starts blowin'
That's how you know it's comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know it's comin' for youLike a hurricane, like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now I'm left with the pain
After the hurricaneNow my life is shattered
And I'm left to pick up the pieces
And find a new beginning
And put it back together again
After the hurricane, the hurricaneJust like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now I'm left with the pain
After the hurricaneJust like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, just like a hurricane
The way you broke my heart and now, I'm left with the pain
After the hurricaneAfter the hurricane
