After the Hurricane

Jazmine Sullivan

I can see it in his eyes, oh, I
And he's been avoiding me all day
It seems as though he wants to cry, oh, I
And he's been acting really strangeHe starts talkin' and I tuned him out, yeah
It doesn't matter anyway

Cause I knew as soon as I saw clouds, yeah

I knew what he was gonna sayCause when the tears start flowin' and the wind starts blowin' That's how you know it's comin' for you

When the rain start fallin' and you feel the pain comin'

That's how you know it's comin' for youJust like a hurricane, just like a hurricane

The way you break everything that comes in your way

Just like a hurricane, just like a hurricane

The way you broke my heart and now, I'm left with the pain

After the hurricaneBaby, I'm not surprised, oh I

You said just what I thought you would

And it hurts, I ain't gon' lie, oh I

But it doesn't hurt as bad as it couldCause when the tears start flowin' and the wind starts blowin' That's how you know it's comin' for you

When the rain start fallin' and you feel the pain comin'

That's how you know it's comin' for youLike a hurricane, like a hurricane

The way you break everything that comes in your way

Just like a hurricane, just like a hurricane

The way you broke my heart and now I'm left with the pain

After the hurricaneNow my life is shattered

And I'm left to pick up the pieces

And find a new beginning

And put it back together again

After the hurricane, the hurricaneJust like a hurricane, just like a hurricane

The way you break everything that comes in your way

Just like a hurricane, just like a hurricane

The way you broke my heart and now I'm left with the pain

After the hurricaneJust like a hurricane, just like a hurricane

The way you break everything that comes in your way

Just like a hurricane, just like a hurricane

The way you broke my heart and now, I'm left with the pain

After the hurricane After the hurricane
