Dixie Cleopatra (B)

Harper Simon

Pioneering a paradigm shift
Coming up like a blade of grass
Tapping in to the unified field
The days are going by so fastShe's the queen of the camera lens
In a white Mercedes Benz
Rolling through towns and cities
Her head's in the future, her heart's in the 50'sIs the girl you want to be with tonight
Involving you in a new collective
Walking you home down 6th Street
In the morning lightShe is taking out the infrastructure
Soft wired for a Golden Age
Re-imagining the architecture
Watching the show from the side of the stage
Rolling out like a wagon wheel
Spinning 'round like a reel to reel
Pioneering a paradigm shift
She can tell ya just how it feelsIs the girl you want to be with tonight
Involving you in a new collective
Walking you home down 6th Street
In the morning lightThere is a signal and a sound
Stars align in constellation
Silvertones are ringing out
She's a sensationPioneering a paradigm shift
Coming up like a blade of grass
Tapping in to the unified field
The days are going by so fast
She's the queen of the camera lens
In a white Mercedes Benz
Rolling through towns and cities
Her head's in the future, her heart's in the 50'sIs the girl you want to be with tonight
Involving you in a new collective
Walking you home down 6th Street
In the morning light
