Hello Again

Don Estelle

She was my one and only
She was my girl, she love me always
She was mine and I was a fool, I was a fool and now, she's gone
Sitting here I've done my share of this, still I hope the lord forgive me my sin
Ten years ago down by the lake, I sunk my sweet love a watery grave
Well I close my eyes and still see her face, I'd give my soul to take back that day
Hello again its been too long, too long, too long, hello again
You know you got what it is I want anyway I'm gonna take it from you
Hello again you know you got what it is I want anyway gonna take it from you
Hello
You know
Hello
Hello again
Like to talk you come a love away man
Over and over I'm gonna see her face
Stuck between the eye of the devils stare man
Over and over I'm gonna see her face blown away on that day, I'm sinking
I am not worth the flesh on my bones

I am a waste of the air in my lungs
Stay far from me go and be safe
The serpent I got pours through my veins
Hello again its been too long, too long, too long, hello again
You know you got what it is I want anyway I'm gonna take it from you
Hello again you know you got what it is I want anyway I gonna take it from you
Hello, Hello
You know
Hello again
Like to come and light it all the way man
Over and over I'm gonna see her face
I saw me just like a devils stare man
Over and over I'm gonna see her face blown away on that day, yeah
This whole life time gone away but over and over I'm gonna see her face
But over and over I'm gonna see her face blown away on that day, I am
Sitting here I've done my share of this still I hope the lord forgive me my sin
Don't make me sigh
