

Black Juju

Alice Cooper

Body

BodyTouched by the toil and plunged into his arm

Cursed through the night, through eyes of alarm

A melody black flowed out of my breath

Searching for death but bodies need restBodyUnder the soil now waiting for worms

All that I feared is all that I've learned

All that I know is all that I think

Dead feelings are cool, down lower I sinkBodies need rest, we all need our rest

Sleep an easy sleep, rest, rest

Bodies need their rest, all need our rest

Sleep an easy sleep, rest, rest, rest, rest

But come back in the morning

Come back hardWake up, wake up, wake up, wake upBodiesClutching and biting my soul has caught on fire

My evil is now and I'm caught up in desire

Everything I'm living for is all that I am

Liking it and loving it that's all in the planBlack juju
