

You Got Me

Aslyn

Don't wanna bite another nail and leave this hangin'
Don't wanna wait another night with you breakin'
Don't wanna know just how it feels to see you leavin'
But I can't keep it to myself when you're thinkin' You got me bad, you got me good
You got me had, you got me hooked
When it's me hangin' by a moment
That you snubbed along the way Don't wanna lead you down a road that I'm not goin'
Don't wanna hear about that dream without you knowin'
I really don't have left a care but don't wanna feel guilty
Biting the bullet, I'm aware, you're still believin' You got me bad, you got me good
You got me had, you got me hooked
When it's me hangin' by a moment
That you snubbed along the way You got me close and then you jump
My feet got cold, it took the fun
And so I bite my lip and bear a smile
But won't regret, I don't stay awhile You wanna think you got this bagged
And that I couldn't want you more
But be aware, when I'm not there
Do you think you'll be so sure?
You think you'll be so sure? You got me bad, you got me good
You got me had, you got me hooked
When it's me hangin' by a moment
That you snubbed along the way You got me close and then you jump
My feet got cold, it took the fun
And so I bite my lip and bear a smile
But won't regret, I don't stay awhile You got me cold, you got me had
You got me hooked
You got me hangin' by a moment
That you snubbed along the way You got, you got me and then you jump
My feet got cold, it took all the fun
And so I bite my lip and bear a smile
But won't regret, I don't stay awhile
