

K-klass Kisschase

Heavenly

I never wanted to love you
I never wanted to leave you
You kiss and run and tell me we're through
Your k-k-kiss has split me in two I never wanted to love you
I never wanted to leave you
You kiss and run and tell me we're through
Your k-k-kiss has split me in two I never wanted to hurt you
I never wanted to hate you
Hey it was fun just something to do
You k-k-kill with that attitude Now you're gone, I'm not sorry
So don't think that I'll even worry
You're so dumb, you're a disgrace
To treat love as if it's just kisschase
K-klass kisschase I never wanted to kiss you
I never wanted to curse you
You kiss and run like it's something new
Your k-k-kiss is poisoned, untrue I never wanted to mate you
I never wanted to mark you
You're not the one who's worth talking to
You k-k-kiss me now and you're through Now you're gone, I'm not sorry
So don't think that I'll even worry
You're so dumb, you're a disgrace
To treat love as if it's just kisschase
K-klass kisschase You treated me like I was dirty
But don't believe that you could hurt me Now you're gone, I'm not sorry
So don't think I'll even worry
You're so dumb, it's a disgrace
To treat love as if it's just kisschase
K-klass kisschase
K-klass kisschase
