## Darren Espanto

Everyone sees such a strong voice in me  
But sometimes they don't know that I'm weak  
I put on a smile and know I do have a laughter  
But sometimes I still break down and cry  
But there's something that's missing...  
Something I miss  
And it's all going down to that place in my heart  
Where I hear a lullaby and you kiss me goodnight  
And I put on a smile for the next day to come by  
But now I need to be strong  
I gotta keep moving on  
I wanna go back home  
I wanna go back to where it all started  
I missing your face and I don't know if I can make it  
But the roads gonna be long  
And this life is so short  
So right now,  
I wanna go back home...  
Hooooomeeee  
When the lights go off and I go backstage  
I still have these promised things that going to waste  
But it all pays off  
But I'm still missing you  
But there's something that's missing,  
Something I miss  
And it's all going down to that place in my heart  
Where I hear a lullaby  
And you kiss me goodnight  
And I put on a smile for the next day to come by  
But now I need to be strong  
I gotta keep moving on  
I wanna go back home  
I wanna go back to where it all started  
I missing your face  
And I don't know if I can make it  
But this roads gonna be long  
And this life is so short  
So right now,  
I wanna go back home...

Hooooomeeee  
I wanna go back home  
I wanna go back to where it all started  
I missing your face and I don't know if I can make it  
But this roads gonna be long  
And this life is so short  
So right now,  
I wanna go back home  
End
