Tape You

N.e.r.d.

Babe
For what I'm about to ask, don't be ashamed
I just love you, girl
Babe
As time will surely pass, love shows it's flame
In my 'fuck you' world, yeah, yeah
Relax, girl
Sip some of my slurpee, you don't have to lie to me
It's fly to me
And this way you can have your privacy
And at the same time I can see
Look!
I just wanna tape you all night
Yeah!
Hey baby
I just wanna tape you all night
Yeah!
Babe, please don't let this make you think
My love has swayed
No way, okay
Baby girl, this is not her idea
It's mine single handedly
It's just my fantasy
There's only one and when you're done
It's ours and just for fun
And then, please give me some
Listen, we'll call her 'gold' and you'll be 'platinum'
I just want to see you come
(Out)
Look!
I just wanna tape you all night
Yeah!
Look here, sugar
I just wanna tape you all night
Yeah!
I just wanna tape you, mama, all night
Yeah!
I just wanna tape you all night
Yeah!

Na baby, don't worry about your makeup
Na I promise, I won't be jealous and break up
Not to patronize and sound fake but
If this is a dream, I don't wanna wake up
Na baby, don't worry about your makeup
I promise, I won't be jealous and break up
Not to patronize and sound fake but
If this is a dream, I ain't wakin' up
Turn on the purple lights
Begin flashin' by removin' your fashion
And start tongue lashin'
Now girl, kiss her boobs
And you kiss her boobs too
Let your finger dash in, "Lights, camera, action"
Ya, tape you all night
Yeah!
Hey sugar
I just wanna tape you all night
Yeah!
I just wanna tape you all night
(I just wanna tape you, baby)
Yeah!
Hey, little mama
I just wanna tape you all night
Yeah
Oh!
I just wanna tape you all night
Yeah!
Hey hey
I just wanna tape you, little mama
I just wanna tape you all night
Ya
I just wanna tape you
You n' your girl, baby, all night
Yeah!
Hey, yo, mama
I just want
(You n' your girl)
Oh na, to step in
It's just my fantasy, don't be afraid
It's alright
And, "Cut"
