

Save Yourself

The McClymonts

I've got a history of leaving
Rumour has it I've been known for cheating
Are you scared? Well i don't care
You seem like a nice guy probably raised right
Baby save yourself 'Cause you're only a man, better leave while you can
'Cause nothing I do lasts forever
I should have told you last November
Comes a time too late cry for help
Baby save yourself You can take a punch I'll give you credit
But if your pride can't take no more honey don't sweat it
Can it hurt (hurt) any worse (any worse) 'Cause you're only a man, better leave while you can
'Cause nothing I do lasts forever
I should have told you last November
Comes a time too late cry for help
Baby save yourself
