

HxC 2-Step

I Set My Friends on Fire

This sounds like the reaction your girlfriend makes when you just told her that you have an STD in bed!

I Set My Friends on Fire, Bitch!What?Girl you like a Starbucks you on every block,

Keepin' me up all night like that caffeine riding on ma cock.

Oh tonight it's more then money I can feel the romance.

So bend ova, spread yo legs, and watch me dance.Bitch I'll pull my jeans below my waist,

And give yo tongue a sour sour taste.

Not of this drink, but of my skeet,

Now watch me alternate my feet.You bring the right foot up

Keep the left one down (So watch your back!)

Cross the right foot ova,

Then bring the left one around.Girl I'm most likely known in your hometown.

Take off yo clothes and lay yo ass down.

Now cock it back, lock and load.

2-step, 2-step while I EXPLODE!

Switch yo motion den reverse

And get ready fo da next verse

'Cause if you got yo ass in a seat

Then get the fuck up and move your feet!THIS AIN'T A FUCKIN' BED!

IT'S A MOTHAFUCKIN' PIT! (x2)You could rock each other later,

But in a crowd you finna get hit!So pick up your scrawny legs

Replace your left foot with your right

Just like I bump you under covers

You finna be 2-Steppin' all night!You bring the right foot up

Keep the left one down (So watch your back!)

Cross the right foot ova,

Then bring the left one around. (x2)Hardcore 2-Step! (x16)You bring the right foot up

Keep the left one down (So watch your back!)

Cross the right foot ova,

Then bring the left one around
