

# Everybody

## Full Service

You live  
You roamed free  
You started  
A family  
I'll never let it go  
You planted things  
You dug deep  
You ran around  
You loved me  
I'll never let it go

Everybody knew him  
Everybody wanted him  
Everybody woo?ed him  
And everybody lost him  
And everybody knows that?s the way life goes

Your face  
A memory  
Your house  
Is empty  
I'll never let it go  
Your son  
He?s happy  
Your mother?s strong  
But getting weak  
I'll never let it go
