The Flipside

Jeckyll & Hyde

Can't leave you alone
We can't leave you alone, noYou can't hide from the flipside
Your foolish pride
Can't sustain the strain
Trouble bubbles insideYou can try but you cannot resist
If we insist, persistent, every instant
Every moment in time
We are on your mindCan't leave you alone
We can't leave you alone, noWe have ways to make you understand
We demand you let us in
Under your skinYou tuned in to the frequency
We can't let you be
We live happily, beneath
On the underneath
On the inside, the flipsideCan't leave you alone
We can't leave you alone, noIn your search for contentment
Tormented, unrelenting
Turbulent intentAnd all the money spent
You will listen precisely to each word
As it reoccursWe insinuate, irritate
We can't dissipate
Deflate your ego
Give up self controlCan't leave you alone
We can't leave you alone, no
We can't leave you alone
Can't leave you alone, noWhen will it end?
Delirium is back again
We will suspend
Numskulls are back around againTrouble bubbles inside
You cannot hide from the flipside
We are in your mind
Every instant, every moment in timeWe're alive and we will survive
As a part of you
Listen if we want you to
Can't you see?
Just a part of you are weSurround sound, you can't turn it down
A little frequency, dependency
You are we, all on your own
We can't leave you alone, noWe can't leave you alone

We can't leave you aloneWe can't leave you alone
(Leave you alone)
We can't leave you alone, no
We can't leave you alone
(We can't leave you alone)
We can't leave you alone, noWe can't leave you alone
(We can't leave you alone)
We can't leave you alone, no
(We can't leave you alone)
We can't leave you alone
We just can't leave you aloneWe can't leave you alone
We can't leave you alone, no
We can't leave you alone
(We just can't leave you alone)
We can't leave you alone, noWe can't leave you alone
We can't leave you alone, no
We can't leave you alone
We just can't leave you aloneWe can't leave you alone
We can't leave you alone, no
We can't leave you alone
We can't leave you alone, no
(Give up self control)We can't leave you alone
We can't leave you alone, no
(Come on, give up self control)
We can't leave you alone
We just can't leave you alone
