

# The Flipside

## Jeckyll & Hyde

Can't leave you alone  
We can't leave you alone, no You can't hide from the flipside  
Your foolish pride  
Can't sustain the strain  
Trouble bubbles inside You can try but you cannot resist  
If we insist, persistent, every instant  
Every moment in time  
We are on your mind Can't leave you alone  
We can't leave you alone, no We have ways to make you understand  
We demand you let us in  
Under your skin You tuned in to the frequency  
We can't let you be  
We live happily, beneath  
On the underneath  
On the inside, the flipside Can't leave you alone  
We can't leave you alone, no In your search for contentment  
Tormented, unrelenting  
Turbulent intent And all the money spent  
You will listen precisely to each word  
As it reoccurs We insinuate, irritate  
We can't dissipate  
Deflate your ego  
Give up self control Can't leave you alone  
We can't leave you alone, no  
We can't leave you alone  
Can't leave you alone, no When will it end?  
Delirium is back again  
We will suspend  
Numskulls are back around again Trouble bubbles inside  
You cannot hide from the flipside  
We are in your mind  
Every instant, every moment in time We're alive and we will survive  
As a part of you  
Listen if we want you to  
Can't you see?  
Just a part of you are we Surround sound, you can't turn it down  
A little frequency, dependency  
You are we, all on your own  
We can't leave you alone, no We can't leave you alone

We can't leave you aloneWe can't leave you alone

(Leave you alone)

We can't leave you alone, no

We can't leave you alone

(We can't leave you alone)

We can't leave you alone, noWe can't leave you alone

(We can't leave you alone)

We can't leave you alone, no

(We can't leave you alone)

We can't leave you alone

We just can't leave you aloneWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

(We just can't leave you alone)

We can't leave you alone, noWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

We just can't leave you aloneWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

We can't leave you alone, no

(Give up self control)We can't leave you alone

We can't leave you alone, no

(Come on, give up self control)

We can't leave you alone

We just can't leave you alone
