Mystery Skulls

At least there's always
music
for the good times
music
for the bad times
music
when you're in love
music
when it's overmusic
when I'm on fire
music
every good night
music
every last time
music

At least there's always
music
savin' my world
music
savin' my soul
music
savin' my girl
music

At least there's always
music
savin' my world
music
savin' my soul
music
savin' my girl
