

Waking the Witch

[Kate Bush](#)

"You won't burn
You won't bleed
Confess to me - Go Down"
"Poor little thing
The blackbird,
Wings in the water - go down".
"What is it, child?"
Bless me father, bless me father for I have sinned....
"I question your innocence"
(Help this blackbird, there's a stone around my leg)
"She's a witch"
(Help this blackbird, there's a stone around my leg)
"Uh, Damn you woman!"
(Help this blackbird, there's a stone around my leg)
"What say you good people?"
(Guilty, Guilty, Guilty).
"I am responsible for your actions"
"Wake the witch".
