Smoked a whole pound of weed I'm trippin' yea yea Woke up seen a UFO, last night I smoked a pound of dro
Jumped up and I poured a four and I poured a four let's have a toast
Swear a nigga just seen a ghost, that money comin in over flow
Codeine all in my Sprite, future live the rock star life
Astronaut at the same time, gone to Mars at the same time
Pluto, Jupiter same time, pick a planet at the same time
I'm trippin', I feel ignorant
Keep rolling, keep sipping, she looking, she with it
My girl gonna have a fit when she find out how hard I'm diggin'
Her friend shit I'm trippin'
But this is exactly how a nigga feelin', when I'm high in the ceilin'

With bitches that's badder, with asses that's fatter, you trip and you chatter,

The girls are pretty the night's are long
Aye, no sleeping for us, when we drinkin'
