Lights Out

Savatage

Squirmin' like a live wire
Vaporizing red line
Gonna take her down
Yeah, I'm really gonna make her motor run
Oh yeahNo brakes can't stop
In a ditch to the top
Just another junkie
Looking for a rushLights out runnin' with the devil
Shouldn't gamble with your soul
Lights out, never on the level
And you know you got to roll
You're gonna rollLook, yeah, look
Yeah, she really makes your blood cook
Got you in a corner
Where you're doing things you never have done
Oh noYou, yeah, you
Yeah, she's got you like a big fool
Keeps you in a collar
Till it's time to watch you runLights out runnin' with the devil
Shouldn't gamble with your soul, yeah
Lights out, never on the level
And you know you're gonna roll
You know you're gonna roll
