

# Ghost of a Chance

Lari White

I've got my arms around the sweetest love I've ever found  
It's something I'd fight to hold onto  
But I'm giving in, this is a battle I can't win  
I've done all that I can do She's still standing in the dark at the edge of your heart  
Calling up the way things used to be  
And I'm standing in the light, ready to fight  
If I could only see the enemy  
But, I don't stand a ghost of a chance  
Against her memory Time and time again she fades out and she fades in  
Your heart is a haunted place  
And when you're loving me now and then I see  
Her shadow fall across your face
