

Disco Lights

Darren Styles

I wanna go out every night
I wanna dance under the disco lights
I wanna be with you, every night you want me to
I wanna be with you, we can make you right. I wanna go out every night
I wanna dance under the disco lights
I wanna be with you, every night you want me to
I wanna be with you, we can make you right. I wanna go out every night (oh)
I wanna dance under the disco lights
I wanna be with you, every night you want me to
I wanna be with you, we can make you right.
You right, you right, you right, you right, you right... we can make you right, you right, you right, you right, you
right, you right, you right. So get ready, tonight
We're here to party, til the morning light
Let me hear you, scream and shout
Play the music, we can work it out, it out, it out, it out, it out, it out... we can work it out, it out, it out, it out, it
out, it out. I wanna go out every night (oh)
I wanna dance under the disco lights
I wanna be with you, every night you want me to
I wanna be with you, we can make you right. I wanna go out every night (oh)
I wanna dance under the disco lights
I wanna be with you, every night you want me to
I wanna be with you, we can make you right.
You right, you right, you right, you right, you right... we can make you right, you right, you right, you right, you
right, you right, you right. We can make you right... we can make... we can make you right!
