

# When You Walk In the Room

**Karla Bonoff**

I can see a new expression on my face  
I can feel a strange sensation taking place  
I can hear the guitars playing lovely tunes  
Every time that you walk in the room I close my eyes for a second and pretend it's me you want  
Meanwhile I try to act so nonchalant  
I see a summer night with a magic moon  
Every time that you walk in the room Maybe it's a dream come true  
Standing right along side of you  
Wish I could show you how much I care  
But I only have the nerve to stare I can feel there's something pounding in my brain  
Just anytime that someone speaks your name  
Trumpets sound and I hear thunder boom  
Every time that you walk in the room  
Every time that you walk in the room  
Every time that you walk in the room
