

All This Freetime

David S Theroff

I've got all this free time
And I don't know what to do
You see I've been sitting here waiting for you
I've been sitting here waiting for you

Its amazing what can happen
When you're having so much fun
I guess its easy to forget your loved one
So easy to forget your loved one

A place it can effect you
because it is so new
But you know I'll be sitting here waiting until your thru
I'll be sitting here waiting until your through

You're always staying late out at night
When you come home we always fight
My love for you is starting to fade
My heart feels like its buried in a grave

One morning you'll wake up from sleep
There may be a chance you'll weep
When you find that I'm not there any more
When you find that I just walked out the door

Now you've got all the free time
And your lonely as can be
And you know you'll be sitting there waiting for me
You'll be sitting there waiting for me
