

# Spaceboy

## Smashing Pumpkins

Feel it, break your bones  
Mr. Jones  
Taste me, as I bleed  
Taste my need And spaceboy I've missed you  
Spinning round my head  
Anyway you choose me  
You'll break instead Watch me, death defy  
Defile my life  
I don't need, I don't care  
Please I wanna go home  
I wanna go home  
I wanna go home  
I wanna go home 'Cause when a lover aches  
That's when a lover breaks  
I wanna go home  
I wanna go home And spaceboy they'll kill me  
Before I'm dead and gone  
And any way you choose me  
It won't be wrong  
And anyway you choose me  
We won't belong We won't belong  
We won't belong  
We won't belong  
We won't belong  
We won't belong
