Save Me from Myself

Carpark North

Lost, my heart is hard as stone
On my own, alone, I carry it home
Gone, I used to waste my days
So distraught, I thought, I'm changing my waysNow you're changing my waysYou save me, save me from myself
There is no one else I lean on
Save me, you save me from myself
There is no one else to set me free
Start, the start of something new
Is what I find when I'm just looking at you
A lift, you lift me off the ground
Keep holding my hand, I won't land, won't even look down(Don't look down, don't look down)You save me, save me from myself
There is no one else I lean on
Save me, you save me from myself
There is no one else to set me free
You save me, save me from myself
There is no one else I lean on
Save me, you save me from myself
There is no one else to set me free
