

Here It Comes Again

Melanie C

Hey, don't you worry
Everything's all right, you know
We're gonna be just fine
If the rain crashes down over you
I will love you dry There is nobody in this world
Could ever take me away from you
I am always by your side
If you need someone to guide you, dear
I'd like to try Don't give up on something
You've never had before
(Never thought that we would together)
I promise you this
You're the one I adore Here it comes again
Filling my soul, never want to let go
Here it comes again
Be at one with your love, as below so above
Here it comes again My love is flowing
Freer than a waterfall
Beyond the edge of time
Surrender to the emotion Now we can fly, we can fly
And you know there's a reason
That we are who we are
(Who we are)
I cannot resist, you're the one I adore Here it comes again
Filling my soul, never want to let go
Here it comes again
Be at one with your love, as below so above
Here it comes again Just like there's always gonna be a place
For you and me a ship that we can sail on
Just like if one and one were three
And everything was free at the end of some rainbow Just like a needle and a gun a suckle in the sun
Or knock upon a hidden door
It is you I adore Here it comes again
Filling my soul, never want to let go
Here it comes again
Be at one with your love, as below so above Feel it coming again
Filling my soul, never want to let go
Here it comes again
Be at one with your love, as below so above

Yeah, yeah
