# Music On The Wind

## Suzy Bogguss

When I walk alone and think of you
I hear music on the wind
Birds are singing 'cause they hear it too
When there's music on the windOnce there was a story I was told
Oh, how love sings a song
If you hear the wind and listen close
It goes "Aria, Aria"I can feel the rhythm in my heart
When there's music on the wind
And with every beat it plays a part
Of the music on the windHow can you resist a moonlit night
When there's music on the wind
You and I could listen side by side
To the music on the windJust like in the story I was told
Oh, how love sings a song
If you hear the wind and listen close
It goes, "Aria, Aria, Aria, Aria"Listen to a lover's rhapsody
It's the music on the wind
Won't you come outside and dance with me
To the music on the windAria
Aria
Aria
